DEFAULT DECISION
AND ORDER

[Gov. Code §11520]

16 Physician's and Surgeon's Certificate No.
17 G72333

18 Respondent.

19
20 On or about March 24, 2016, an employee of the Medical Board (Board) of California
21 served by Certified Mail a copy of the Accusation No. 800-2015-019361, Statement to
22 Respondent, Notice of Defense in blank, Request for Discovery, and Government Code sections
23 11507.5, 11507.6, and 11507.7 to Alan Russell Koslow, M.D. (Respondent) at his address of
24 record with the Board, which was and is 974 73rd Street #23 Windsor Heights, IA 50312. The
25 United States Postal Service Track and Confirm printout indicates the mail was delivered on
26 April 2, 2016. The Accusation and related documents were also served on Respondent at
27 Heartland Vascular Med, 2716 Jordan Grove, West Des Moines, IA 50265. An unknown
28 individual signed the certified mail receipt card, and the card was returned to the Board on April

1 5, 2016. (Exhibit Package, Exhibit 1: Accusation No. 800-2015-019361, the related documents,
2 Declaration of Service, Track and Confirm printout, certified mail receipt card.¹)

3 On April 14, 2016, an employee of the Attorney General's Office sent by certified mail
4 addressed to Respondent at both addresses listed above a Courtesy Notice of Default, advising
5 Respondent of the Accusation, and providing Respondent with an opportunity to request relief
6 from default. On April 26, 2016, the certified mail envelope addressed to Respondent at
7 Heartland Vascular Med, 2716 Jordan Grove, West Des Moines, IA 50265 was returned to the
8 Attorney General's Office, stamped "Return to Sender. Not deliverable as addressed. Unable to
9 forward." (Exhibit Package, Exhibit 2: Courtesy Notice of Default and returned envelope.)

10 Respondent failed to file a Notice of Defense in response to the Accusation. As a result,
11 Respondent has waived his right to a hearing on the merits to contest the allegations contained in
12 the Accusation.

13 FINDINGS OF FACT

14 I.

15 Complainant Kimberly Kirchmeyer is the Executive Director of the Board. The charges
16 and allegations in Accusation No. 800-2015-019361 were at all times brought and made solely in
17 the official capacity of the Board's Executive Director.

18 II.

19 On or about August 26, 1991, the Board issued Physician's and Surgeon's Certificate No.
20 G72333 to Respondent. The Physician's and Surgeon's Certificate was in full force and effect at
21 all times relevant to the charges brought herein. The certificate will expire on February 28, 2017,
22 (Exhibit Package, Exhibit 3: Certificate of License.)

23 III.

24 On or about March 24, 2016, Respondent was served with an Accusation, alleging causes
25 for discipline against Respondent. The Accusation and accompanying documents were duly
26 served on Respondent. A Courtesy Notice of Default was thereafter served on Respondent.

27 ¹ The evidence in support of this Default Decision and Order is contained in the "Exhibit
28 Package."

1 Respondent has failed to file a Notice of Defense in response to the Accusation, thereby waiving
2 his right to a hearing on the merits to contest the allegations contained in the Accusation.

3 IV.

4 The allegations of the Accusation are true as follows:

5 On December 11, 2015, the Iowa Board (Iowa Board) of Medicine issued a Settlement
6 Agreement regarding Respondent's license to practice in Iowa. On October 16, 2015, the Iowa
7 Board filed a Statement of Charges against Respondent alleging professional incompetency,
8 including the following: Respondent performed surgical procedures on high risk elderly patients
9 without appropriate surgical indications; performed an inappropriate amputation technique on a
10 patient resulting in a delayed surgical treatment; inappropriately used excessive drains adjacent to
11 vascular reconstruction sites; experienced an excessive number of bleeding episodes and
12 inappropriately worded operative notes to suggest the bleeding was inadvertent; exercised poor
13 candidate selection based on the number of patient co-morbidities including renal failure, several
14 coronary disease and congestive heart failure; and maintained notes that were unintelligible.
15 Respondent also was charged with engaging in a pattern of disruptive behavior.

16 The Statement of Charges further states that Respondent was ordered to undergo two
17 evaluations in 2015. On February 27, 2015, Respondent completed a comprehensive clinical
18 competency evaluation at the Center for Personalized Education for Physicians (CPEP), in
19 Denver, Colorado. According to the Statement of Charges, CPEP concluded that Respondent had
20 gaps and weaknesses in several areas, including peripheral artery disease, carotid endarterectomy
21 and thoracic outlet syndrome. His clinical judgment and reasoning were inadequate, including
22 incomplete evaluations, treatment planning, and inconsistent recognition of complications. In
23 addition, according to the Statement of Charges, Respondent completed a disruptive behavior
24 evaluation on April 7, 2015. The evaluation program determined that "Respondent has engaged
25 in a pattern of disruptive behavior in the practice of medicine and there is a potential for serious
26 adverse outcomes as a result."

27 As part of the Settlement Agreement, Respondent was issued a Citation and Warning,
28 required to pay a civil penalty of \$5000, and placed on probation for five years, with a number of

1 terms and conditions, including following all CPEP recommendations and obtaining a practice
2 monitor. (Exhibit Package, Exhibit 1, Attachment A: Settlement Agreement issued by the Iowa
3 Board of Medicine.)

4 **DETERMINATION OF ISSUES**

5 Pursuant to the foregoing Findings of Fact, Respondent's conduct and the action of the
6 Iowa Board constitute cause for discipline within the meaning of Business and Professions Code
7 sections 2305 and/or 141.

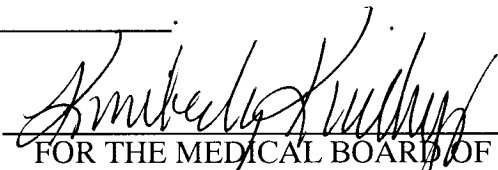

8 **ORDER**

9 IT IS SO ORDERED that Physician's and Surgeon's Certificate No. G72333, heretofore
10 issued to Respondent Alan Russell Koslow, M.D. is revoked.

11 Respondent shall not be deprived of making a request for relief from default as set forth in
12 Government Code section 11520, subdivision (c), for good cause shown. However, such showing
13 must be made in writing by way of a motion to vacate the default decision and directed to the
14 Medical Board of California at 2005 Evergreen Street, Suite 1200, Sacramento, CA 95815 within
15 seven (7) days after service of the Decision on Respondent.

16 This Decision shall become effective on August 12, 2016, at 5 p.m. .

17 It is so ORDERED July 13, 2016.

B. Section 2305 of the Code provides, in part, that the revocation, suspension, or other discipline, restriction or limitation imposed by another state upon a license to practice medicine issued by that state, that would have been grounds for discipline in California under the Medical Practice Act, constitutes grounds for discipline for unprofessional conduct.

C. Section 141 of the Code provides:

“(a) For any licensee holding a license issued by a board under the jurisdiction of a department, a disciplinary action taken by another state, by any agency of the federal government, or by another country for any act substantially related to the practice regulated by the California license, may be ground for disciplinary action by the respective state licensing board. A certified copy of the record of the disciplinary action taken against the licensee by another state, an agency of the federal government, or by another country shall be conclusive evidence of the events related therein.

“(b) Nothing in this section shall preclude a board from applying a specific statutory provision in the licensing act administered by the board that provides for discipline based upon a disciplinary action taken against the licensee by another state, an agency of the federal government, or another country.”

7 gaps and weaknesses in several areas, including peripheral artery disease, carotid endarterectomy
8 and thoracic outlet syndrome. His clinical judgment and reasoning were inadequate, including
9 incomplete evaluations, treatment planning, and inconsistent recognition of complications. In
10 addition, according to the Statement of Charges, Respondent completed a disruptive behavior

- A. **Patient #1:** Respondent performed a left femoral popliteal bypass on an elderly patient who was a high surgical risk without appropriate surgical indications. Respondent's surgical notes did not accurately reflect the surgery.
- B. **Patient #2:** Respondent performed a several hour surgical thrombectomy and graft revision on an elderly patient who was a high surgical risk without appropriate surgical indications.
- C. **Patient #3:** Respondent performed an inappropriate amputation technique on a patient resulting in delayed surgical treatment.
- D. **Use of Drains:** Respondent inappropriately used excessive drains adjacent to vascular reconstruction sites.
- E. **Bleeding Episodes:** Respondent experienced an excessive number of bleeding episodes and inappropriately worded operative notes to suggest it was inadvertent bleeding. The Board has concerns about his heavy use of topical hemostatic agents.

- F. **Poor Candidate Selection:** Respondent exercised poor candidate selection based on the number of co-morbidities including renal failure, severe coronary disease, congestive heart failure and respiratory failure, including the following:
- Respondent's use of open aneurysm repair for an inflammatory aneurysm with no discussion of the use of endograft or endografts.
 - Patients experienced poor vascular runoff which would make technical success very difficult.
 - Respondent's failure to recognize and deal effectively with infected grafts.
- G. **Poor Documentation:** Respondent's progress notes are unintelligible, fail to appropriately address the complications and difficulties patients experienced and insufficient in detailing the patient's problems and Respondent's anticipated actions. Respondent's notes are self-congratulatory and defensive.
- H. **Intraoperative Complications:** Respondent failed to perceive intraoperative complications such as hematomas, bleeding, and tissue damage.
- I. **Comorbidities:** Respondent failed to perceive the comorbidities associated with vascular surgery.

- J. **Management of Suboptimal Results:** Respondent failed to comprehend the technical obligations incumbent upon the operating surgeon regarding management of suboptimal results and acceptable tolerances for error.
- K. **Dictation:** Respondent's dictation fails to reflect his ability to project anticipated outcomes and reflect a lack of planning in terms of dealing with complications.
- L. **Comprehensive Clinical Competency Evaluation:** On December 5, 2014, the Board ordered Respondent to successfully complete a Board-approved comprehensive clinical competency evaluation. On February 27, 2015, Respondent completed a comprehensive clinical competency evaluation at the Center for Personalized Education for Physicians (CPEP), in Denver, Colorado. CPEP concluded that Respondent demonstrated an acceptable fund of knowledge in vascular surgery with some gaps and areas in which he was not up to date. His most significant weaknesses were in the area of peripheral artery disease, carotid endarterectomy and thoracic outlet syndrome. His clinical judgment and reasoning were inadequate including incomplete evaluations, treatment planning and inconsistent recognition of complications. His documentation in patient charts was inadequate and his communication skills were marginal with need for improvement.

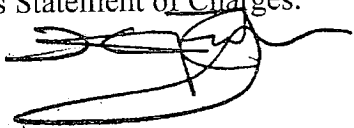

15. **Disruptive Behavior:** The Board alleges that Respondent engaged in a pattern of disruptive behavior in violation of the laws and rules governing the practice of medicine in Iowa, including being overly critical of the care provided by nursing staff. On December 5, 2014, based on the information including that outlined above, the Board ordered Respondent to successfully complete a Board-approved disruptive behavior evaluation. On April 7, 2015, Respondent completed a disruptive behavior evaluation at the Elmhurst Professionals Program in Elmhurst, Illinois. The Professionals Program determined that Respondent has engaged in a pattern of disruptive behavior in the practice of medicine and there is a potential for serious adverse outcomes as a result.
